**Testing the Limits (Teach Me Trilogy Book 1)** Stephanie Thomas

What happens when you fall for the one person you can't have?

For college student Olivia Deering that meant waiting three long years. Years spent wondering if he would still want her the way he did that fateful graduation day. Wondering if his gaze would still electrify her soul like nothing she's ever felt before. Wondering if he was worth risking it all, knowing that if they did, it could have lasting repercussions far beyond them both.

But sometimes you have to take a chance...

And when Olivia finally submits to her desire for her former high school teacher Andre, their chemistry is explosive. Hot and jagged like white-lightening, piercing her straight through the heart. The more she's with him, the more she craves him, and the more likely it is someone will discover them. Someone like her Father, the principal.

That is, if their demons don't destroy them first...

For under the surface lies a darkness. A tangled web of secrets drawing them to each other, yet threatening to tear them apart. Somehow they must learn to trust one another if they are to ever overcome their pasts and be together once and for all.

This book is intended for mature audiences.
