Berserker William Meikle

Sometimes the monsters are real...

For Tor and Skald this is their first Viking raid, and their minds are filled with thoughts of honor and glory. What awaits them are beasts - huge, hairy and fanged, the Alma, who will not suffer intruders in their domain. When the Vikings slaughter a female Alma they soon find themselves in the middle of a battle with vicious creatures bent on bloody revenge. Now they must stand and be counted, for destiny awaits in the mountains, where the hairy ones dance.

Praise for Berserker

I highly recommend Berserker to anyone looking for a fast, fun and exciting horror story that is as well-written as it is original. - SCOTT WHITMORE

The narrative crashes over you like a tidal wave, punches you like a mailed fist, and carries you along with joyful, gory abandon. This book is meant to be consumed with gusto.-INNSMOUTH FREE PRESS

...maintains a delicate balance between character development, plot and brutal action. BERSERKER is an intelligent, fast-paced pulp fantasy novel! William Meikle writes to turns conventions on their heads. - PAGE HORRIFIC

Once again Willie Meikle has crafted a first class adventure story, the narrative rushes along like a Viking longboat caught in a strong tailwind. That's not to say that Willie skimps on characterisation and plot. The story is peppered throughout with Viking mythology which adds to the reading enjoyment. Not that there was any doubt that this was going to be a great read, I mean Vikings verses Yeti, you know that's going to be a killer book. - GINGER NUTS OF HORROR
