*Research Matters*. Make it your own.

*Research Matters* unites research, reasoning, documentation, and composing into a cohesive whole, helping students see the conventions of writing as a network of **responsibilities** writers have . . .

. . .to **other writers**. *Research Matters* clarifies the responsibility writers have to one another - to treat information fairly and accurately and to craft writing that is fresh and original - their own!

. . .to the **audience**. *Research Matters* stresses the importance of using conventions appropriate to the audience, to write clearly, and to provide readers with the information and interpretation they need to make sense of a topic.

. . .to the **topic**. *Research Matters* emphasizes the writer's responsibility to explore a topic thoroughly and creatively, to assess sources carefully, and to provide reliable information at a depth that does the topic justice.

. . .to **themselves**. *Research Matters* encourages writers to take their writing seriously and to approach writing and research as an opportunity to learn about a topic and to expand their scope as writers. By framing writing in the context of responsibility, *Research Matters* addresses composition students as mature and capable fellow participants in the research and writing process.
