What if the Biblical End Times unfolded in a way no one told you about and the rapture didn't happen before the tribulation began...

"Makes you afraid of the end times again." - **D. M. Dutcher for Sword Cross Rocket**

"Sanctuary crosses boundaries and borders and incorporates elements of all kinds of action and intrigue, from thriller-like adventure to a post-apocalyptic tale of life after aliens invade. Thus it will delight readers seeking something truly different, while disappointing those who anticipated a shallow, one-dimensional subject and story line." - **Midwest Book Review**

Left Behind for the Hunger Games generation

In a heart-racing thriller described as Falling Skies meet The Walking Dead, Jennie struggles to find a safe place for what's left of her family. But it seems as though there is no place sacred, no place secure. First the aliens attacked the sun, making it dimmer, weaker, and half what it used to be. Then they attacked the water supply, killing one-third of Earth's population with a bitter contaminate. And when they unleash a new terror on humankind, the victims will wish for death, but will not find it...

When the world shatters to pieces around her, will Jennie find the strength she needs to keep going?
