The Edwardian Ford Madox Ford (International Ford Madox Ford Studies)

The Edwardian Ford Madox Ford (International Ford Madox Ford Studies)

The controversial British writer Ford Madox Ford (1873-1939) is increasingly recognized as a major presence in early twentieth-century literature. This series of International Ford Madox Ford Studies was founded to reflect the recent resurgence of interest in him. Each volume is based upon a particular theme or issue; and relates aspects of Ford's work, life, and contacts, to broader concerns of his time. Ford is best-known for his fiction, especially *The Good Soldier*, long considered a modernist masterpiece; and *Parade's End*, which Anthony Burgess described as 'the finest novel about the First World War', Samuel Hynes has called 'the greatest war novel ever written by an Englishman', and which has been adapted by Tom Stoppard for the acclaimed BBC/HBO television series. This volume focuses on Ford's work from the Edwardian decade and a half before the First World War. It contains Michael Schmidt's Ford Madox Ford Lecture, and fourteen other essays by British, American, French and German experts, both leading authorities and younger scholars. Chapters on Ford's fiction, poetry, criticism of literature and painting, writing about England, and dealings on the Edwardian literary scene as editor and with publishers, bring out his versatility and ingenuity throughout his first major creative phase.
