The Red Queen Velvet Gray

Come through the looking glass, Alice. The Red Queen is waiting for you. She's waiting in land of magic and chessmen, a land of plotting and scheming. She wants to play a lovely game. A game with ropes, spankings and a very large boy named the Bishop. It will be ever so much fun. You can't imagine how the game will end.

Excerpt

At last the opening of the great double doors that led into the chamber rewarded the Red Queen's patience. A pair of guards walked with a woman between them. They held her arms in meaty fists large enough encircle her whole bicep. If not for the pale blue and white collar she wore to keep her power suppressed, Alice could have ripped both men limb from limb. Such was the power a queen beyond the looking glass.

Hair the color of spun gold tumbled down smooth pale shoulders, framing large blue eyes and a heart shaped face. Alice had a gorgeous womanly body with ripe breasts and wide hips. A body that had been prepared to the Red Queen's exact specifications. A tight pale blue and white leather corset synched her waist and went over her shoulders with straps but left her breasts bare. The outfit had no bottoms; the girl had come all the way here from the dungeons exposing her sex to any who cared to look. Garters hung down from the corset to hold up white stockings. Black Mary Janes with spiked heels added a couple of inches to her height and made her calves stand out. Fingerless gloves of pale blue that ending just above her elbow secured her hands behind her back with straps that attached to the corset. New golden rings glittered when she moved thought in the candlelight. They pierced her nipples and both outer labia. There was a ball gag in her mouth.

A smile wanted to creep across the red queen's face. She'd ordered the outfit made as soon as she met the girl. Picking out the leather and the cut of the outfit had been a pleasure. Blue and white had been easy choice. The girl seemed to wear nothing else. The rings she wore were from the queen's own collection. A dear gift for a dear friend.

When she was ten feet from the throne the guards knelt and dragged Alice down to her knees as well. The girl stared defiantly up at the queen where she sat in her red dress. There was fire in those blue eyes. Good.
