After the Victorians A.N. Wilson

How did Britain decline? A.N. Wilson goes in search of an answer in his masterly follow-up to his bestselling **The Victorians**.

In **The Victorians**, the author told the story of Great Britain in her pre-eminence. It ended with Britain as the mightiest, richest nation on earth, possessed of a huge empire. That book, however, is full of forebodings and harbingers of disaster. This follow-up book is the story of the decline of Britain — and with it, the decline of many of the things that Victorian Britain stood for. Furthermore, Wilson will show, the seeds of its undoing had been there from the beginning.

As in **The Victorians**, this book has a panoramic sweep, building up a portrait of the age — the Communist Revolution, two world wars, the Spanish Civil War, and the unstoppable growth of America as a dominant world power and the beginnings of the Cold War. This is the era in which Britain was sidelined from its importance in world politics. Alongside this is the story of the beginnings of Modernism in art and music, and radical new philosophical systems of thought. A.N. Wilson visits the novelists, the philosophers, the poets and the painters to see what light they threw on the activities of the politicians, the scientists and the generals.

Putting together military, political, social and cultural history, **After the Victorians** creates a panoramic view of the era, and skillfully identifies the sources and causes of Britain's decline.

From the Hardcover edition.

From reader reviews:

Michael Scott:

What do you think of book? It is just for students because they're still students or this for all people in the world, exactly what the best subject for that? Just you can be answered for that concern above. Every person has various personality and hobby for every single other. Don't to be forced someone or something that they don't desire do that. You must know how great and also important the book After the Victorians. All type of book would you see on many options. You can look for the internet resources or other social media.

Ricardo Hamilton:

In this 21st centuries, people become competitive in each and every way. By being competitive today, people have do something to make these survives, being in the middle of the crowded place and notice by surrounding. One thing that at times many people have underestimated that for a while is reading. Yes, by reading a guide your ability to survive enhance then having chance to endure than other is high. For you personally who want to start reading any book, we give you that After the Victorians book as basic and daily reading publication. Why, because this book is more than just a book.

Henry Woods:

Information is provisions for anyone to get better life, information today can get by anyone on everywhere. The information can be a information or any news even a concern. What people must be consider if those information which is in the former life are difficult to be find than now's taking seriously which one would work to believe or which one the actual resource are convinced. If you have the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All of those possibilities will not happen inside you if you take After the Victorians as the daily resource information.

Anthony Moss:

Spent a free a chance to be fun activity to perform! A lot of people spent their spare time with their family, or their friends. Usually they carrying out activity like watching television, about to beach, or picnic in the park. They actually doing same thing every week. Do you feel it? Do you wish to something different to fill your own free time/ holiday? Might be reading a book is usually option to fill your cost-free time/ holiday. The first thing you will ask may be what kinds of publication that you should read. If you want to attempt look for book, may be the reserve untitled After the Victorians can be good book to read. May be it may be best activity to you.
