William F. Buckley

God and Man at Yale: The Superstitions of Academic Freedom William F. Buckley

This is the book that launched William F. Buckley, Jr.'s career. As a young, recent Yale graduate, he took on Yale's professional and administrative staffs, citing their hypocritical diversion from the tenets on which the institution was built. Yale was founded on the belief that God exists, and thus that virtue and individualism represent immutable cornerstones of education. However, when Buckley wrote this scathing expose, the institution had made an about face: Yale was expounding collectivism and agnosticism. This classic work shows Buckley as he was and is: dauntless, venturesome, bold, and valiant.
