## **La dimension imaginaire du réel dans la philosophie de Husserl (Phaenomenologica) (French Edition)**

Annabelle Dufourcq

Cette étude propose une analyse précise de la conception husserlienne des images et de l'imagination. Il s'agit d'en recenser les principaux traits et de fixer les définitions des notions clés. L'enjeu de ce travail dépasse largement la seule question de la nature de l'imagination : la manière dont Husserl repense l'imaginaire implique un bouleversement profond de notre conception du réel même. Ce dernier se révèle être beaucoup moins implacable, plus spirituel et flottant qu'on ne le croit communément. On peut montrer corrélativement que cette conception originale de l'imaginaire apporte un éclairage nouveau sur la réflexion de Husserl concernant la crise.
