**Save Me From Myself (Nashville Nights Book 1)** Stacey Mosteller

Tragedy and betrayal sent her running...

And now she's starting over far away from the person she used to be.

Lyric Hayes tried to be the perfect daughter and the perfect girlfriend, but those days are over. She's ready to begin again with a vow to herself: no relationships, no complications, and no turning back.

Easier said than done...

Confident, successful, and charming David Pearson makes her vow nearly impossible. He has it all, and David knows better than anyone not to judge someone by what's on the surface. Wanting to own her heart, he'll do anything to gain her trust and save her from herself. But David's family could have secrets and baggage of their own, which could send Lyric packing and on the run once again. Is his past just another version of a song Lyric has heard before?
