The Silence of Morning: A Memoir of Time Undone D. A. Hickman

Sensing her son's suicide is a mystifying, yet forceful, catalyst--*an urgent call to unearth the deeper story of loss*--Hickman, author and spiritual thinker, illuminates the universal struggle to find meaning and purpose within an anxious, addictive culture that too often promotes escape, excitement, even excess, as "solutions." *A fruitful path through profound grief. Social and cultural realities that come to light within a poignant story of life and loss. A determined and inspired spiritual journey despite the chaos and discord of a malcontent, often superficial, world.*

- **"... the gift of a spiritual seeker's brave inquiry."** --Richard Gilbert, *Shepherd: A Memoir*
- **"... a new path. Holy and beautiful and heartbreaking."** --Susan Hall Pohlman, author of *Halfway to Each Other*

"Invariably," the author writes, "we get our moment in the sun," yet this deeply moving story emerges from the ashes of a tragic ending: loss from suicide, a revealing appraisal of our addictive culture ... even the greatest life mysteries. A compelling memoir by an author who cares deeply about humanity, the universal struggle to find inner peace when chaos and discord seem to predominate.

- *A poignant, courageous narrative; a book for all seasons that forges lasting bonds of connection; a memoir that beautifully captures the sweeping silence of sudden loss; a compassionate story that shines with understanding and genuine self-awareness.*

Each and every life is a reflection of the mysteries we are all born into. Mysteries lodged in silence. And ambiguity. Yet this fascinating memoir manages to penetrate that silence, as the author initially survives its fierce echo in the face of her son's sudden death, and then realizes she must, one day, embrace it. And though every ending is a beginning, finding an illuminating thread when "grief is at the wheel" is a daunting challenge.

"Like a prairie windmill silenced by time, life felt heavy and still."

So how does the author navigate an agonizing maze of sorrow so that her tentative steps feel true to the moment? Why does she insist on the long view, instead of succumbing to generic cultural standards of moving on or getting over it?

- "Examining the world with narrative grace and balance, Hickman's authorial voice communicates the choppy stuff of life with elegance." --Jen Knox, *After the Gazebo*

The Silence of Morning, a compelling story of life and loss, culture and society, reveals why the author, in the face of her son's death, chooses to confront the mysteries of human existence. A spiritual thinker with a sociological bent, Hickman seeks a path through the wilderness that speaks to everyone who cares about the profound complexities of the human condition, but she also seeks safe, even purposeful, passage through the throes of intense grief.

- "An unforgettable meditation on life and death and the powerful role love plays in attaining spiritual freedom." --Matthew Peters, Ph.D., author

Do we understand the role of addiction in societies? Why this age-old problem assumes an endless variety of destructive, life-threatening forms? Firmly stepping beyond the personal dimension--**we are a world born of**

connection--the author notes the existence, overall, of a rather toxic climate of addiction.

Beautifully articulating challenges faced by every family, every individual, the author shines a bright and compassionate light on the vagaries of the human path -- family loss from suicide, surviving grief, spiritual inquiry and realization, even the insidious nature of time and how it often exacerbates our suffering.

Ultimately, however, the author chooses love over despair.

- *Despite a crushing loss ... here we have a warmth of spirit, understanding and compassion in a distancing world.* --Madeline Sharples, *Leaving the Hall Light On*
