Infinite Spaces 2002 Calendar: The Art and Wisdom of the Japanese Garden

Japanese gardens have long been admired for their capacity to illuminate the spirit of nature through impeccable design, detail and composition: properties that elevate them from mere gardens to sanctuaries. Infinite Spaces pairs extracts from the Sakuteiki, an 11th century treatise on Japanese garden design, with the stunning photography of Sadao Hibi, that beautifully illustrates the principles of this ancient work. The Sakuteiki, literally "notes on garden design", by the 11th century courtier and poet Tachibana no Toshitsuna, is an opus of centuries of garden design wisdom and remains a vital influence for gardeners in Japan today.
