Edad de la razon, la (Spanish Edition)

Thomas Paine

Edad de la razon, la (Spanish Edition) Thomas Paine

Thomas Paine (Thetford, Inglaterra, 1737-Nueva York, 1809), tuvo una precaria formacion academica, teniendo que trabajar desde edad temprana. Sirvio a la causa independentista estadounidense y mas tarde a la Revolucion francesa. En Francia fue miembro de la Convencion. Su enemistad con Robespierre y su posicion moderada le acarreararon diversos problemas, entre ellos el encarcelamiento. Paine, consumado panfletista al servicio de la revolucion mundial, escribio en 1776 El sentido comun, cuyas escasas cincuenta paginas se convirtieron en un texto capital para la naciente republica estadounidense. Su amplia difusion, que sobrepaso el medio millon de ejemplares, popularizo las ideas del aturo en contra de la monarquia y del gobierno en general, ya que este hasta en su mejor forma, es solo un mal necesario; en su peor forma, un mal intolerable?. La edad de la razon(1793-1795) surgio como respuesta de Thomas Paine a las actitudes extremas de los revolucionarios franceses que expulsaron a la religion por la puerta y la recibieron por la ventana. Sin ser original, esta obra es una de las mas importantes y difundidas manifestaciones del deismo, modalidad religiosa muy critica del clericalismo y del cristianismo institucional, pero fiel a la idea del dios newtoniano, supremo arquitecto de un cosmos regido por leyes cientificamente aprehensibles. Paine colaboro en Pennsylvania Magazine, Pennsylvania Journal y The Prospect . En 1791-1792 escribio ?Los derechos del hombre, quizas su libro mas conocido, en defensa de la Revolucion francesa frente a los ataques de Edmund Burke. Sus obras completas fueron publicadas en 1817.
