Milk, Eggs, Prophecy: A Healthy New Take on the Radically Ordinary Nature of Prophecy Debbie Kitterman

If you are looking for a book on future apocalyptic events or Old Testament prophecies, this is not that book... This book challenges the way we understand the prophetic. God has given us the gift of prophecy and He intends us to make it a staple in our daily walk with Him. The truth is... WE ARE ALL prophetic. God longs for the prophetic to be understood and used by all. This profound but simple truth will open your eyes to the radically ordinary nature of prophecy. The true living words from God... breathing life and hope into a dry place.
