John Constantine is dying. As a sorcerer literally haunted by the demons of his past, John is no stranger to mystic bedevilment or supernatural horror. But it's his chain smoking that ultimately brings death to Constantine's front door. John Constantine has lung cancer. Though condemned to hell, Constantine continues to laugh in the face of this all-too-serious world. Despite its preternatural overtones, this story is actually a down-to-earth tale about life, death, and the little details in between.
