“Whether I shall turn out to be the hero of my own life, or whether that station will be held by anybody else, these pages must show.”

Charles Dickens' *David Copperfield* traces the life of David Copperfield from the time of his birth to his mature manhood, when he is married and familiar with the vicissitudes of life. Many elements of the novel follow events in Dickens' own life, and it is probably the most autobiographical of his novels. It is at once a personal account and universally relatable, and remains one of the greatest works of art in all of literature.
