The Institutional Logic of Welfare Attitudes: How Welfare Regimes Influence Public Support

Christian Albrekt Larsen

Why are people who live in liberal welfare regimes reluctant to support welfare policy? And conversely, why are people who live in social democratic welfare regimes so keen to support it? These core questions lie at the heart of this intriguing book. By examining how different welfare regimes influence public support for welfare policy, the book explores the institutional settings of different regimes and how each produces its own support. While previous studies in this field have failed to link the macro-structure of welfare regimes and the micro-structure of welfare attitudes, this book redresses this problem by combining welfare regime theory and literature on deservingness criteria alongside empirical evidence from national and cross-national data. While recent trends in welfare state development such as cuts in benefit levels and increased use of targeting, combined with increased immigration, might very well influence our perceptions of the deservingness of the needy, this book provides a strong, convincing and provoking argument that challenges the micro-foundation of present comparative welfare state theory. The result is an important work for all studying and working in the fields of public policy and social welfare.

From reader reviews:

Jacob Lehr:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each publication has different aim or perhaps goal; it means that e-book has different type. Some people feel enjoy to spend their time to read a book. These are reading whatever they acquire because their hobby is usually reading a book. Why not the person who don't like studying a book? Sometime, man feel need book after they found difficult problem or perhaps exercise. Well, probably you will need this The Institutional Logic of Welfare Attitudes: How Welfare Regimes Influence Public Support.

Eddie Drennan:

Information is provisions for folks to get better life, information today can get by anyone at everywhere. The information can be a know-how or any news even a concern. What people must be consider any time those information which is in the former life are challenging to be find than now is taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you understand it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take The Institutional Logic of Welfare Attitudes: How Welfare Regimes Influence Public Support as the daily resource information.

Bruce Sandlin:

The reason? Because this The Institutional Logic of Welfare Attitudes: How Welfare Regimes Influence Public Support is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will distress you with the secret that inside. Reading this book alongside it was fantastic author who write the book in such amazing way makes the content inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this any more or you going to regret it. This book will give you a lot of benefits than the other book get such as help improving your talent and your critical thinking method. So , still want to hesitate having that book? If I were being you I will go to the publication store hurriedly.

Alice Prahl:

Playing with family in a park, coming to see the ocean world or hanging out with pals is thing that usually you have done when you have spare time, after that why you don't try factor that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love The Institutional Logic of Welfare Attitudes: How Welfare Regimes Influence Public Support, you can enjoy both. It is good combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't understand it, oh come on its known as reading friends.
