Roy Bhaskar

## **Dialectic: The Pulse of Freedom** Roy Bhaskar

This book attacks purely analytical modes of thinking. Bhaskar develops a critical realist philosophy, which isolates the definition of being in terms of knowledge as the characteristic flaw of traditional philosophy. He conceives a “transformational” model of society and sees social science as explanatory, and therefore of assistance to political projects of emancipation. Concerned to bridge the gap between philosophy and politics, *Dialectic* argues that critical realism provides the basis of a completely new and general methodology for the human sciences. This book also contains an account of the history of Western philosophy, from its pre-Socratic origins to its contemporary post-modernist forms.
