Kill Me (Blood Chord Book 1) Alex Owens

Three days ago, Claire was a wife, a mother, and very much alive... then the music called for her.

Claire has one goal for the conference— to land a few big clients so that her boss will give her a badly needed raise. She pitches and prays while courting the music industry elite until her plans are derailed by hotness-in-high-heels.

Bette is at the conference on a mission—to find a human with untapped talents that she can mold and control. Bette uses her cursed violin to lure Claire in with a haunting song, which unravels Claire's life as her new talents emerge. To make matters worse, Claire is attracted to two unlikely people— Bette and her hunky associate, Gregor. Both can light Claire's fire, but is either of them the only one?

Unfortunately for Claire, life isn't all song lyrics and seduction. Tied to darkness by blood and power, Claire must harness her abilities if she has any hope of returning home to her daughter and regaining her former life... if that's what she really wants.

Kill Me, the debut novel from author Alex Owens, is a quirky paranormal fantasy complete with music, magic, fangs and freaks. It is also the first in a planned series, with the second book due out by the Fall of 2012. Be forewarned, this is not your daughter's paranormal.

From reader reviews:

Brian Dunlap:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each book has different aim as well as goal; it means that publication has different type. Some people really feel enjoy to spend their the perfect time to read a book. They are really reading whatever they acquire because their hobby is definitely reading a book. How about the person who don't like looking at a book? Sometime, person feel need book after they found difficult problem or exercise. Well, probably you will require this Kill Me (Blood Chord Book 1).

Linda Hupp:

This book untitled Kill Me (Blood Chord Book 1) to be one of several books in which best seller in this year, that is because when you read this reserve you can get a lot of benefit upon it. You will easily to buy this particular book in the book retail store or you can order it via online. The publisher of this book sells the e-book too. It makes you easier to read this book, as you can read this book in your Smart phone. So there is no reason for you to past this guide from your list.

Katrina White:

Reading a reserve tends to be new life style in this particular era globalization. With looking at you can get a lot of information that may give you benefit in your life. Using book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their own reader with their story or maybe their experience. Not only the story that share in the ebooks. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on earth always try to improve their talent in writing, they also doing some exploration before they write to the book. One of them is this Kill Me (Blood Chord Book 1).

Carmen Annunziata:

The reason? Because this Kill Me (Blood Chord Book 1) is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will surprise you with the secret it inside. Reading this book next to it was fantastic author who have write the book in such incredible way makes the content inside of easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of rewards than the other book include such as help improving your talent and your critical thinking technique. So , still want to postpone having that book? If I have been you I will go to the reserve store hurriedly.
