Things at the museum just got weirder!

In the blockbuster film *Night At the Museum* night watchmen Larry Daley learned that every night an ancient Egyptian tablet brought the museum exhibits to life--from a mischievous monkey, to a full-sized T-Rex skeleton, to twenty-sixth President of the United States, Theodore Roosevelt. In *Night At The Museum: Battle of the Smithsonian* Larry's adventure continued at the Smithsonian Institute.

Picking up where the movies left off, *Night of the Dragons* is a brand-new novel for middle grade readers, following the adventures of Larry Daley's teenage son Nick as he learns the ropes at the strangest museum in the world. In this story, a new exhibit brings new dangers and unleashes an evil force on the Museum of Natural History. Soon, Nick is up to his ears in trouble. With his father sidelined by a strange new magic, the boy must face giant dragons and an evil sorcerer determined to take over the museum—and then the world!
