This is one of the best books I've read in a while, maybe of all time. Only two other books have ever made me feel this way and those were *The Silva Mind Control Method* by Jose Silva and *Ask and It Is Given* by Abraham-Hicks. I'm seeing things so clearly now and I'm very excited to be a new and happier person from now on.

-Douglas Brandao, Blogger

Having followed and studied *Abraham Hicks* for over a decade I can honestly say that *The Power of Joy* brings something new to the world of the law of attraction. I would consider the tools and processes found in this book to be invaluable to anyone looking to become a master of their reality and live an amazing life.

Completely amazing! Nick's analytical mind adds a practical and no nonsense tone that completely resonates

with me. It lends such practicality to the spiritual message that I KNOW it will resonate with believers and non-believers alike. This will FLY off the shelves into every hand that needs to hear this message.

-Cathy Conway

I'm less than thirty pages in and the book already made me mumble under my breath, cry, and laugh-cry. I realized a lot about my self like, yikes. You have an incredible ability to give people space to explore for themselves as opposed to blabbing on about your ideas (which many books do). The book is beautifully simplistic and I know what I am getting my family for Christmas this December.

-Caroline Lehan

I love this book. There is no useless information and is straight to the point! The subject matter is amazing because I'm asking myself the exact same questions you were answering in this book. A must read for anyone who's seeking more in life.
