Salgado Maranhão

## **Blood of the Sun: Poems (English and Portuguese Edition)** Salgado Maranhão

In poems brilliantly textured and layered, Salgado Maranhão integrates socio-political thought with subjects abstractly metaphysical. Concrete collides with conceptual—butcher shops, sex, and machine guns in conversation with language, absence, and time—resulting in a collection varied as well as unified, an aesthetic at once traditional and postmodern. Writing in forms both fixed and free, Maranhão's language suggests a jazz-like musicality that rings true in Alexis Levitin's masterful translations. For readers who enjoy the complexity of Charles Simic, or the stylistically innovative syntax of César Vallejo, Maranhão's *Blood of the Sun* is a sensually provocative amalgamation of both.
