"Motherhood May Cause Drowsiness" is a collection of "momoir" written by over forty moms who write to keep their sanity. They are here to make you laugh, shed a tear or two, and feel connected to other moms who are going through the struggles of every day life with children: a messy house, depression, anxiety, self-doubt, elation, laughter, love, and happiness. And although we all live in different parts of the world (and have different hairstyles), we have one thing in common: WE DON'T GET ENOUGH SLEEP!
