The goals of the text are to:

- \*enhance listening skills via peer and instructor interaction

- \*provide interaction with authentic cultural artifacts from the 20th century, including literature, poetry, artwork, sculpture, photography, speeches, and make explicit their contextual importance.

The second edition also covers 20th century U.S. history but includes changes that offer practice in academic reading, writing, and speaking. Each unit's Link to Today section, which examines the current effects of history on the life of today's students, has been updated or revised.
