Fruit of the Poisonous Tree

Richard Carson

Fruit of the Poisonous Tree Richard Carson

First came the unsettling Ouija board prophesy that Robin Adams would die before her 17th birthday. When a minister summoned to rid the house of frightening phenomena blamed on the Ouija board, he was taunted and denounced by a neighbor and suspected Satanist. Thus, the die was cast for one of the most bizarre murder cases in Michigan history. In 1976, when Robin vanished without a trace from the village of Caro, police were left without a body, witnesses or anything remotely resembling a crime scene. The case went cold for six years. Then, when a rookie state police detective was assigned to reopen the the investigation, what followed reads like the chapters from a Stephen King novel -- right down to the claim that the killer's grandmother was practicing black magic to avenge efforts to bring him to justice.
